

# NXT-100

Touch to open  
electronic lock

> ENTRA VA

HOTEL  
DOOR LOCK

## Features

The mobile ready NXT-100 has a minimalist design that integrates easily into your building's design scheme.

### Low Maintenance

- Built-to-last with high quality corrosion resistant stainless steel
- Long 18-month battery life
- Enclosed design keeps dust out and makes cleaning simple

### Touch To Open With Mobile Access

- Digital keys stored in the mobile app are verified via encrypted Bluetooth as the user approaches the door, enabling secure access by just touching the lock.
- **Multiple access methods:** RFID key card/key fob and digital key

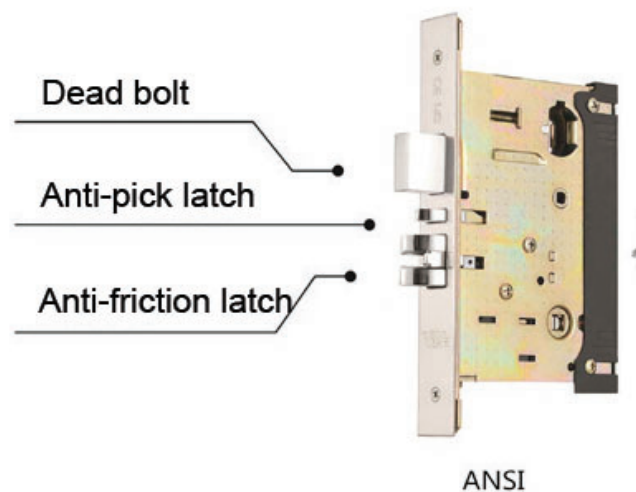

### All-in-one Cloud Platform

- Entrava locks are connected by a cloud platform that is simple to install and use, no on-site server necessary. With integrations ready for your property management system and remote management tools, Entrava seamlessly fits into your existing workflow.

## Dimensions

Ext panel: L 280 • w 46 • H 34 mm

Door thickness: 38-55 mm
